Mandatory Fields in E-commerce Data:

To view the mandatory fields in E-commerce Data, click on the [Active] button and select the [True] option, the list of Mandatory Fields will appear on your screen.

The screenshot shows the Adobe Connector interface for a Product Schema. The top navigation bar includes a search field, a refresh icon, and user information (Revision Two Products, Products Wholesale, 9/26/2023 1:01 AM, admin admin). The left sidebar contains various icons for navigation. The main content area is titled "Product" and has tabs for GENERAL SETTINGS, PRICE/COST INFORMATION, ATTRIBUTES, ECOMMERCE DATA (selected), RELATED ITEMS, PACKAGING, and CROSS REFERENCE DETAILS. Below the tabs, there are buttons for REFRESH SCHEMA and CLEAR SCHEMA. A table lists schema fields, with one row highlighted: "Ecommerce Data -> Magento" with a "Visibility" field. A red arrow points to the "Visibility" field. A red text overlay reads "Mandatory Field in the ECOMMERCE DATA in Product Schema".

Active	Schema Name	Display Name
<input checked="" type="checkbox"/>	Ecommerce Data -> Magento	Visibility
