

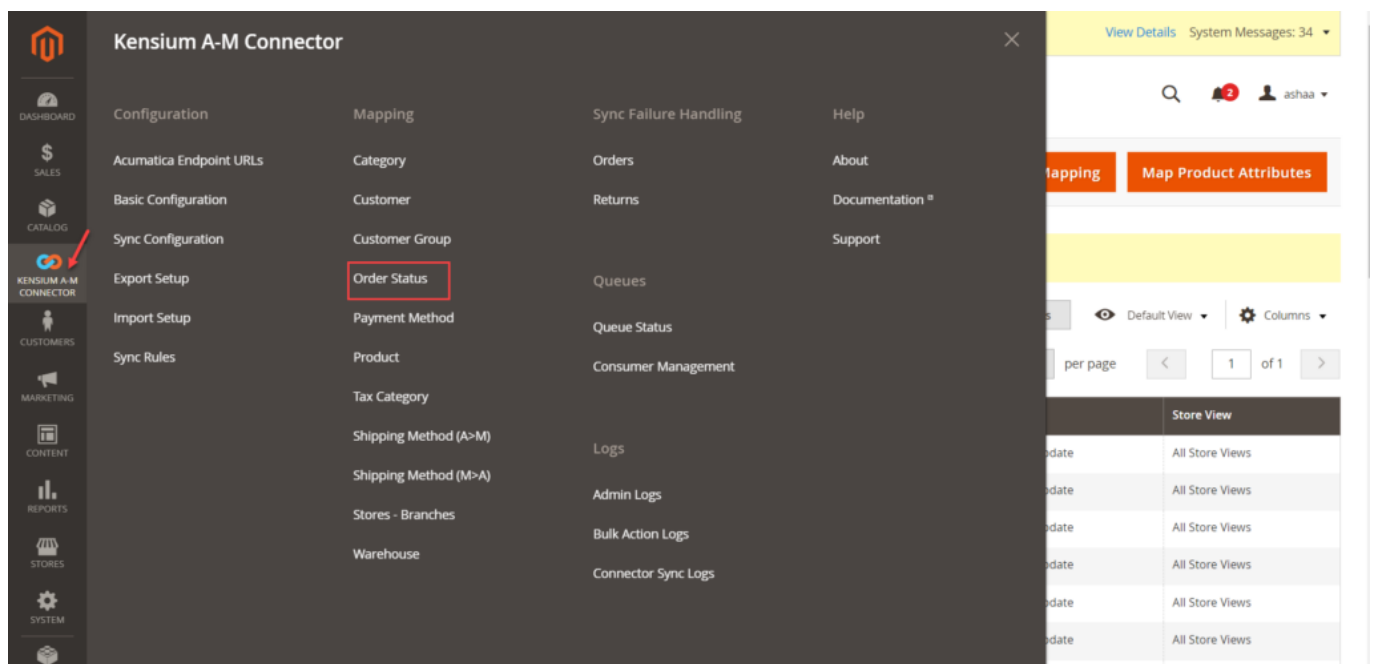

Mapping Order Statuses

Order statuses in Acumatica can be mapped to Magento order statuses to ensure that order status data transfers from Acumatica's back office to Magento's front end. To begin, navigate to the Kensium A-M Connector in Magento and click Order Status in the Mapping Section.

Steps to follow:

1. Select a Store View.
2. Click Add New Order Status.
3. Enter the name of the Acumatica Order Status.
 - a. The Acumatica Order Status must be entered exactly as it appears in Acumatica to ensure proper mapping.
4. Select a corresponding Magento Order Status.
5. Click Save.

Click on the Order Status from Kensium A-M Connector Mapping

By clicking on this option, the application will redirect you to the Order Mapping screen.

<input type="checkbox"/>	Acumatica Order Status	Magento Order Status	Store View
<input type="checkbox"/>	canceled	Canceled	All Store Views
<input type="checkbox"/>	completed	Complete	All Store Views
<input type="checkbox"/>	pending	Pending	All Store Views
<input type="checkbox"/>	processing	Processing	All Store Views

Click on the Recommended Order Status Mapping

By clicking the above option, the application will show an alert message as shown below:

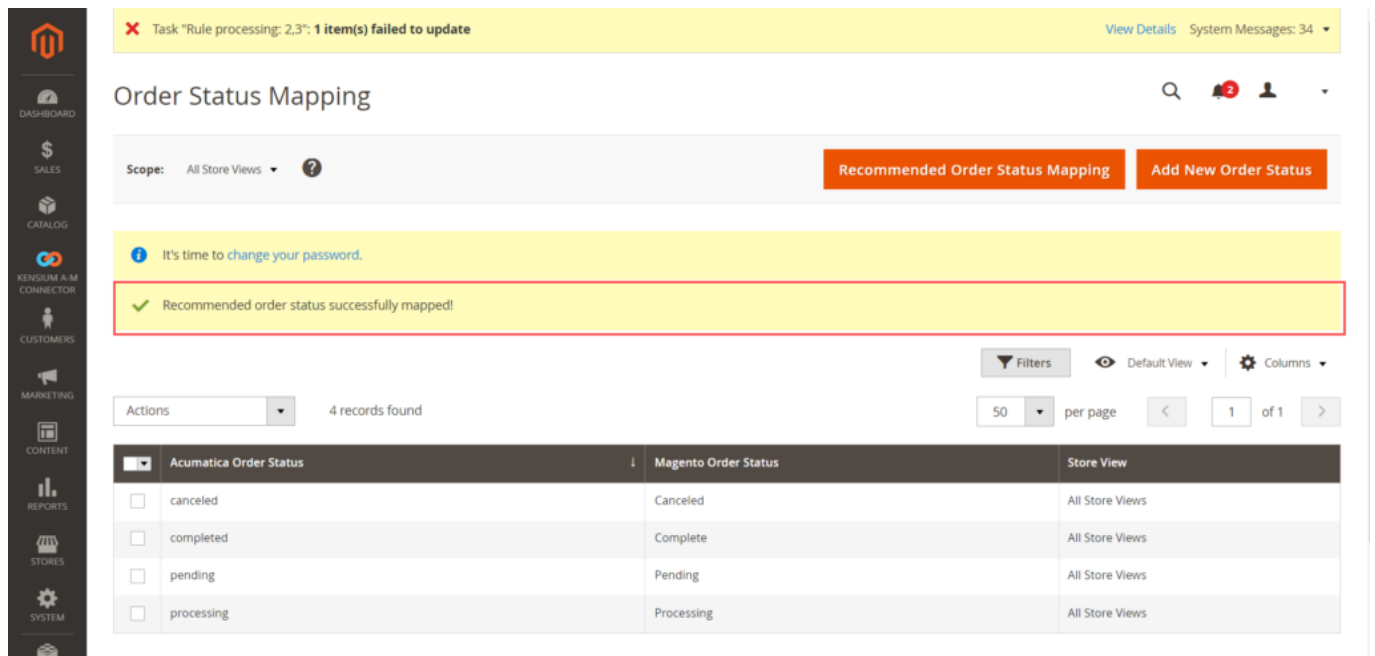

The screenshot shows the 'Order Status Mapping' page. A modal dialog box is open in the center, asking: 'Are you sure that you want to change the current mapping to recommended mapping? If so, all existing data will be deleted.' The dialog has 'Cancel' and 'OK' buttons. A red arrow points to the 'OK' button. In the background, a task bar at the top indicates 'Task "Rule processing: 2,3": 1 item(s) failed to update'. Below the dialog, there's a message: 'It's time to change your password.' The main table shows 4 records found, with columns for 'Acumatica Order Status', 'Magento Order Status', and 'Store View'.

Acumatica Order Status	Magento Order Status	Store View
<input type="checkbox"/> canceled	Canceled	All Store Views
<input type="checkbox"/> completed	Complete	All Store Views
<input type="checkbox"/> pending	Pending	All Store Views
<input type="checkbox"/> processing	Processing	All Store Views

Alert message before you proceed with the mapping

To proceed, click on [OK], and you will be able to see the confirmation message on the following screen.

The screenshot shows the 'Order Status Mapping' page after the mapping process. A yellow banner at the top indicates the same task status. A new yellow message box with a green checkmark says: 'Recommended order status successfully mapped!'. The 'Recommended Order Status Mapping' button is now highlighted. The table below remains the same, showing 4 records found.

Acumatica Order Status	Magento Order Status	Store View
<input type="checkbox"/> canceled	Canceled	All Store Views
<input type="checkbox"/> completed	Complete	All Store Views
<input type="checkbox"/> pending	Pending	All Store Views
<input type="checkbox"/> processing	Processing	All Store Views
