

Tax Category

The screenshot displays the 'Kensium A-M Connector' application interface. On the left, a dark sidebar contains a navigation menu with categories like 'DASHBOARD', 'SALES', 'CATALOG', 'KENSIMUM A-M CONNECTOR', 'CUSTOMERS', 'MARKETING', 'CONTENT', 'REPORTS', 'STORES', and 'SYSTEM'. The 'KENSIMUM A-M CONNECTOR' category is expanded, showing sub-items: 'Configuration', 'Acumatica Endpoint URLs', 'Basic Configuration', 'Sync Configuration', 'Export Setup', 'Import Setup', and 'Sync Rules'. The 'Export Setup' sub-item is further expanded, listing 'Order Status', 'Payment Method', 'Product', 'Tax Category', 'Shipping Method (A>M)', 'Shipping Method (M>A)', 'Stores - Branches', and 'Warehouse'. A red arrow points to the 'Tax Category' item. The main content area on the right shows a search bar, a notification bell with '2' alerts, and a user profile icon. Below these are buttons for 'Update Schema' and 'Map Tax Category'. A table below shows a 'Store View' section with a table of 'All Store Views' entries.
