

# Testing the Connection

After entering the Client ID, Client Secret, Login ID, and Password in the Magento you need to test the connection.

Click on the Test Connection to check the integration between Magento and Acumatica by using the OAuth connection as shown below:

The screenshot shows the 'Configuration' page for Acumatica integration in Magento. The page includes a sidebar with navigation options like Dashboard, Sales, Catalog, and System. The main content area is titled 'Configuration' and contains several sections:

- CUSTOMERS** (dropdown menu)
- SALES** (dropdown menu)
- MAGEPAL** (dropdown menu)
- SERVICES** (dropdown menu)
- ADVANCED** (dropdown menu)

The 'Advanced' section contains the following fields and options:

- Authentication Type**: OAuth 2 (dropdown menu)
- Acumatica base url**: https://acutest.kensiumsolutions.com/C-801-MC23R1QA (text input)
- Client Id**: 0D69E764-62A4-CE06-8573-15F97327BFFC@Company (text input)
- Client Secret**: (password input)
- Login Username**: admin (text input)
- Login Password**: (password input)
- Confirm Password**: (password input)
- Test connection**: (button, highlighted in a red box)

Below the 'Test connection' button, there is a note: "Test Acumatica REST API connection using base url, login user name, password. Values will be automatically saved after successful testing!"

Option to test the Acumatica REST API

Clicking on [Test Connection] will check the connection and will return a success or failure message.

Test connection ✔ Connection is successful and credentials are saved. Please reload the page to get the Branches

Test Acumatica REST API connection using base url, login user name, password.  
Values will be automatically saved after successful testing!

Success message appears on the test connection

After a successful test connection, you can view the [Connector Sync Logs]. Go to the Logs from the Kensium A-M Connector and click on the [Connector Sync Logs].

The screenshot shows the 'Kensium A-M Connector' application interface. On the left is a dark sidebar with a navigation menu. The 'Kensium A-M Connector' menu item is highlighted with a red arrow. In the main content area, a list of menu items is displayed, with 'Connector Sync Logs' highlighted by a red box. On the right side of the interface, there is a yellow header bar with 'View Details' and 'System Messages: 1'. Below this is a search bar, a notification bell with a red '7', and a user profile icon. A red 'Reload Data' button is visible. Further down, there is a blue button that says 'Go to Advanced Reporting' with a small '0' below it. At the bottom right, a table displays data with columns for 'Price' and 'Quantity'.

Price	Quantity
\$19.99	757
\$1.00	251
\$500.00	103
\$12.82	45
\$100.00	45
