

# Configuring Email Template

 You can configure your email templates by clicking on the **[Email Template]** section. This email template can be designed or customized from here. The company Admin User will receive a welcome email when a new company account is generated in the store.

## Configure your Email Template

You will have the following dynamic fields.

1. {company\_name}
2. {store\_name}
3. {store\_url}
4. {company\_role}
5. {password\_reset\_url}
6. {store\_login\_url}
7. {newuser\_name}
8. {newuser\_email}
