

Managing Payment Methods

 In Better B2B you will be able to view all the Payment Methods under the **[Company Details]**. The available payment methods under the Master data are displayed as shown in the following screen.

Payment Methods under the Master Data

Note that, to place an order to BigCommerce front end you must check the boxes for the payment methods.

For this, you must have a similar payment method in Acumatica which will be synced to the B2B app.

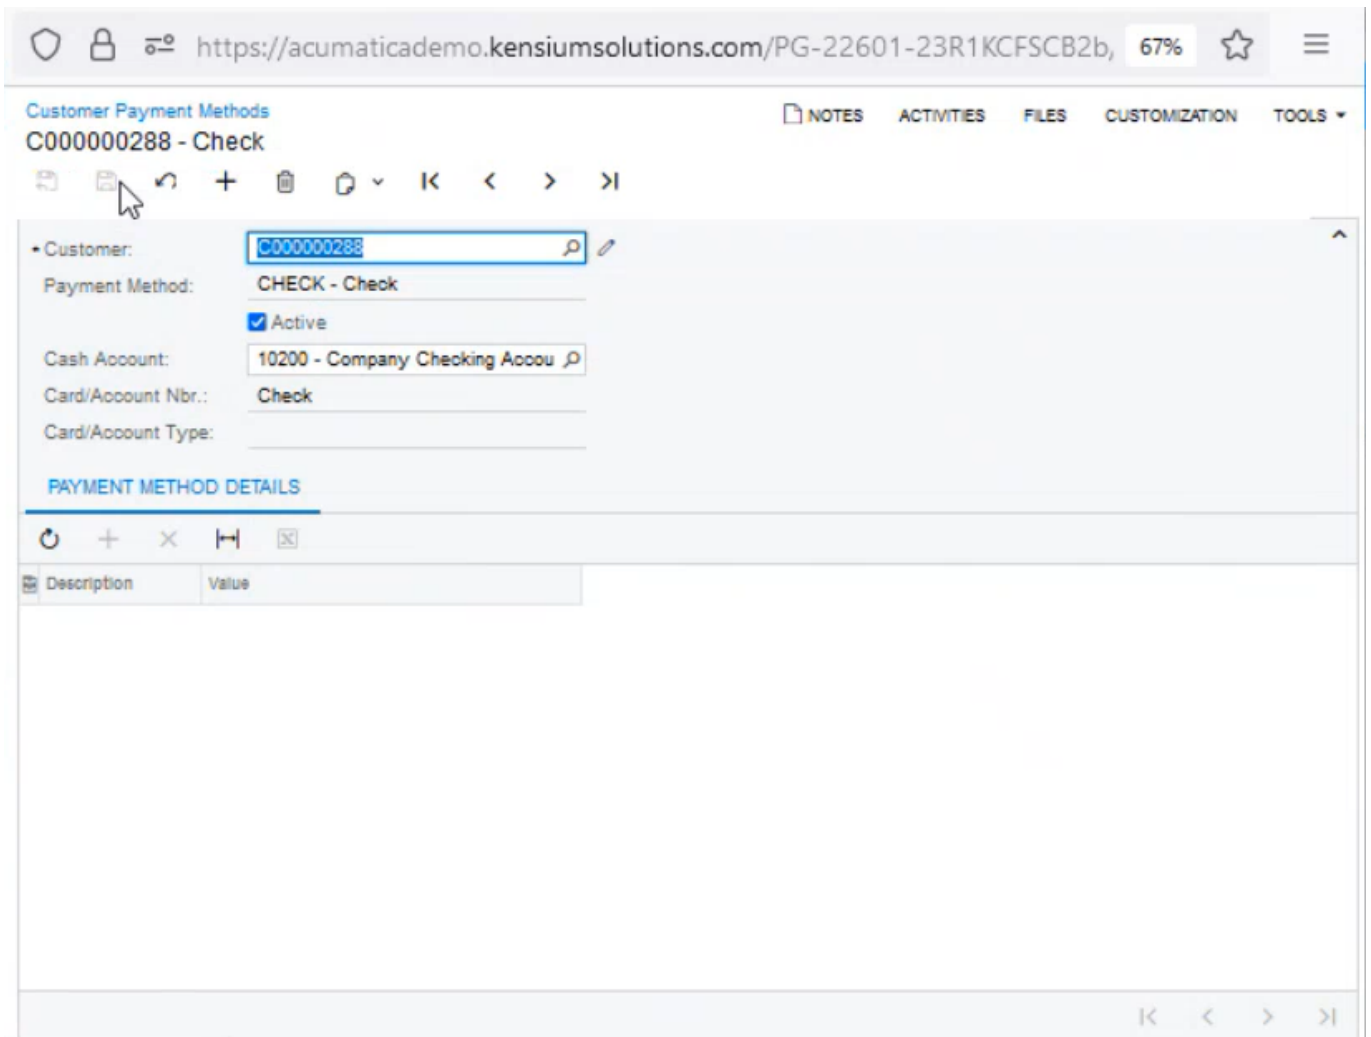

Go to the customer page and click on the Payment Tab. If you already created the payment method, it should display here as follows:

Payment method in Acumatica

For the first time, you need to add a payment method by clicking upon the [Add Payment Method].

Upon clicking on the Add payment method you will get a pop-up on your screen as shown below:

The screenshot shows a web browser window with the URL <https://acumaticademodemo.kensiumsolutions.com/PG-22601-23R1KCFSCB2b>. The page title is "Customer Payment Methods" and the current record is "C000000288 - Check". The form contains the following fields:
