

Managing Roles from B2B

 You can also define the role from the Better B2B app. Go to the respective Company Detail which you have created in the Front End and click on the [**Company User(s)**] tab.

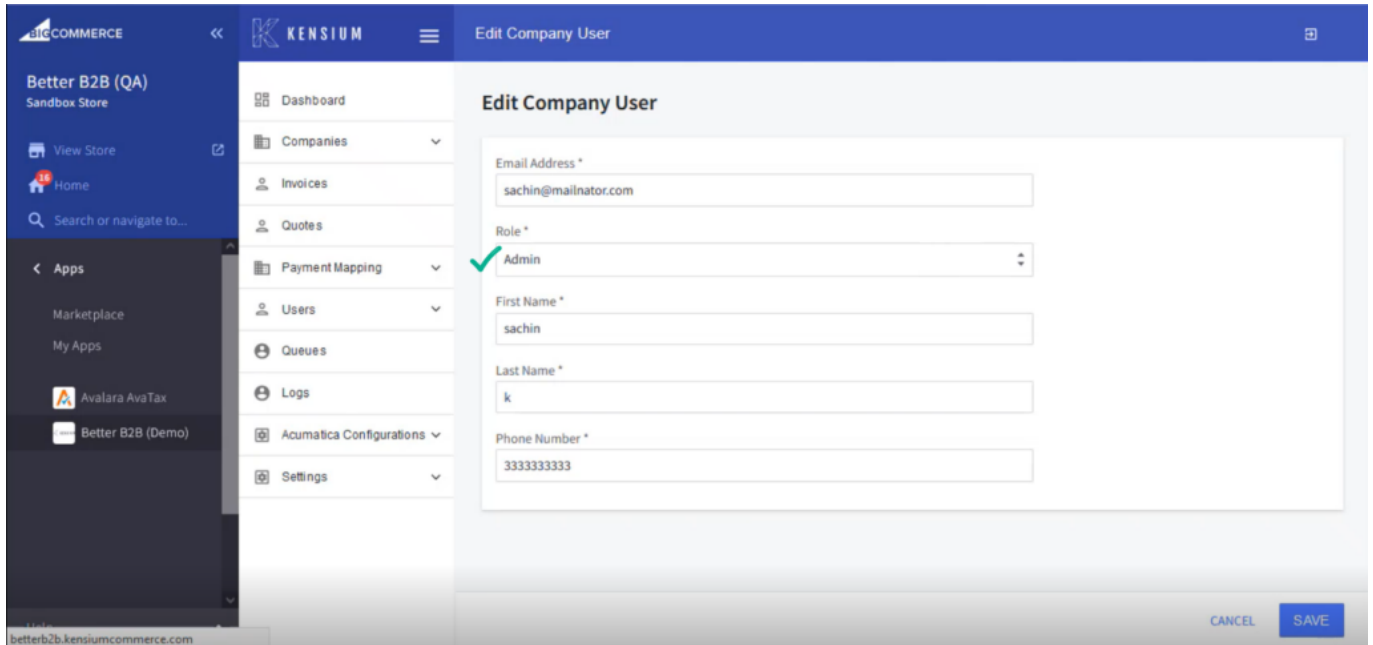

The screenshot displays the 'Company Detail' page for a company named 'TCS' (status: APPROVED). The interface includes a sidebar with navigation options like 'Dashboard', 'Companies', 'Invoices', 'Quotes', 'Payment Mapping', 'Users', 'Queues', 'Logs', 'Acumatica Configurations', and 'Settings'. The main content area shows the 'Company User(s)' tab, which contains a table of users. A dropdown menu is open for the user 'sachin k', showing options: 'Edit', 'Login', and 'Sync User to Acumatica'.

User Name	Phone Number	Email	Role	Updated At	Action
sachin k	3333333333	sachin@mailinator.com	Primary Admin	Nov 22nd 2023	...

Option under Company User

Upon clicking on the [**Edit**] button you will get the option to edit the role of the Company User.

The screenshot shows the 'Edit Company User' form in the Kensium BigCommerce B2B Connector interface. The form is located in the main content area, with a sidebar on the left containing navigation links and a top header bar. The form fields are as follows:

Field	Value
Email Address *	sachin@mailinator.com
Role *	Admin
First Name *	sachin
Last Name *	k
Phone Number *	3333333333

The 'Role' field is highlighted with a green checkmark, indicating it is the current focus. The 'Admin' role is selected from a dropdown menu. The 'First Name' field contains 'sachin' and the 'Last Name' field contains 'k'. The 'Phone Number' field contains '3333333333'. The 'Email Address' field contains 'sachin@mailinator.com'. The form has a 'CANCEL' button and a 'SAVE' button at the bottom right.
