This includes the following within the BigCommerce Store screen.

1. Connection Settings
2. Entity Settings
3. Customer Settings
4. Inventory Settings
5. Order Settings
6. Payment Settings

Once the credential is entered click on the [Test Connection]. On successful completion, you will be able to view the successful testing connection message.

Go to the Global Search for the BigCommerce Store and you will be able to view the option under the Configuration.
