The screenshot displays the 'Email Settings' page within the BigCommerce B2B Connector interface. The left sidebar contains navigation links for 'Better B2B (QA) Sandbox Store', 'View Store', 'Home', 'Search or navigate to...', 'Apps', 'Marketplace', 'My Apps', 'Better B2B (Demo)', and 'Help'. The main content area is titled 'Email Settings' and features a 'KENSIMUM' logo. The 'Email Configuration' section includes checkboxes for 'Enable email notification' and 'Deliver Email Notification Using External SMTP Server'. Below these are input fields for 'SMTP Server' (smtp.mailtrap.io), 'Port' (2525), 'Connection Security' (TLS), 'Username' (585bd25753faf0), 'Password' (masked), and 'Store Email Address' (masked). There are 'SAVE' and 'SEND TEST EMAIL' buttons. The 'Email Templates' section is partially visible at the bottom. A 'Snagit Capture' window is overlaid in the bottom right corner.
