

Enable Custom Payment plugin in Enable/Disable Screen

Since Braintree is a custom plugin, it is mandatory to enable the Custom Payment Plugin settings.

- Navigate to More in Acumatica
- Select **[System Management]**.
- Click on **[Licensing]**.
- Select the **[Enable/Disable]** Features.
- Click on Modify Action and Select the Custom Payment Plugin Checkbox in the Integrating Card Processing section.
- Click on **[Enable Action]**.

Enable/Disable Features Screen

KENSIUM

Braintree Plugin

The screenshot shows the 'Processing Centers' configuration screen for the Braintree plugin. The interface includes a left sidebar with navigation options like 'Banking', 'Projects', and 'Payables'. The main area is titled 'TEST CREDENTIALS' and contains configuration fields for 'Proc. Center ID', 'Name', 'Cash Account', 'Currency', and 'Payment Plug-In (Type)'. Below these fields are tabs for 'PLUGIN PARAMETERS', 'PAYMENT METHODS', 'PREFERENCES', and 'FEES'. The 'PLUGIN PARAMETERS' tab is active, displaying a table of parameters.
