

KENSIUM

Braintree Plugin

Configuring **KNCentralizedLicenseConsole** From 23R1

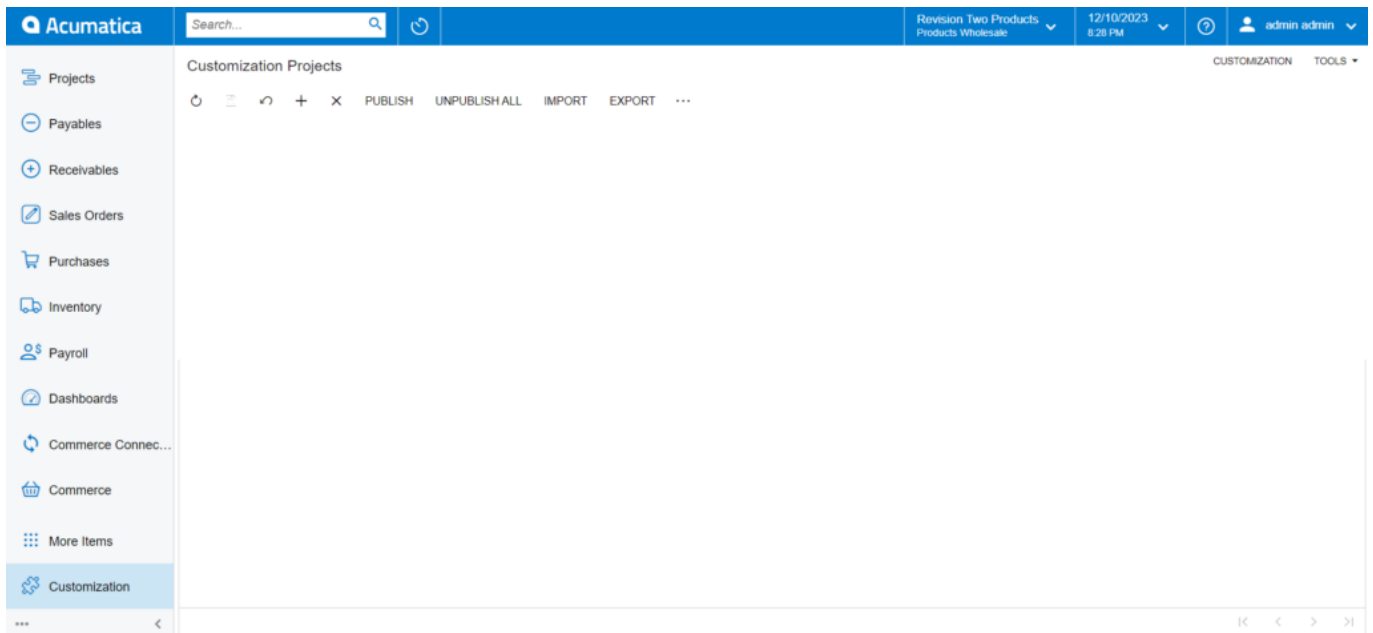

Centralized License Console, a potent solution for simplified license administration across our product line, is now **Available**. Whether you use one or more product packages, this integrated license module acts as a central hub for effectively managing licenses. A single download of this package will enable you to use the new module, which is available starting with version 23R1.

We are publishing the **[KNCentralizedLicenseConsole]** package in the instance.

- **New customers:** The New Refactored **[KNCentralizedLicenseConsole]** package will be published in the client instance.
- **Existing Customers:** Before Publishing the new License packages, All the existing product packages should be updated with new Packages which are compatible with the new licensing engine.
 - A Clean-up Script will be run to remove all existing License tables.
 - The new Refactored **[KNCentralizedLicenseConsole]** package will be published in the client instance.

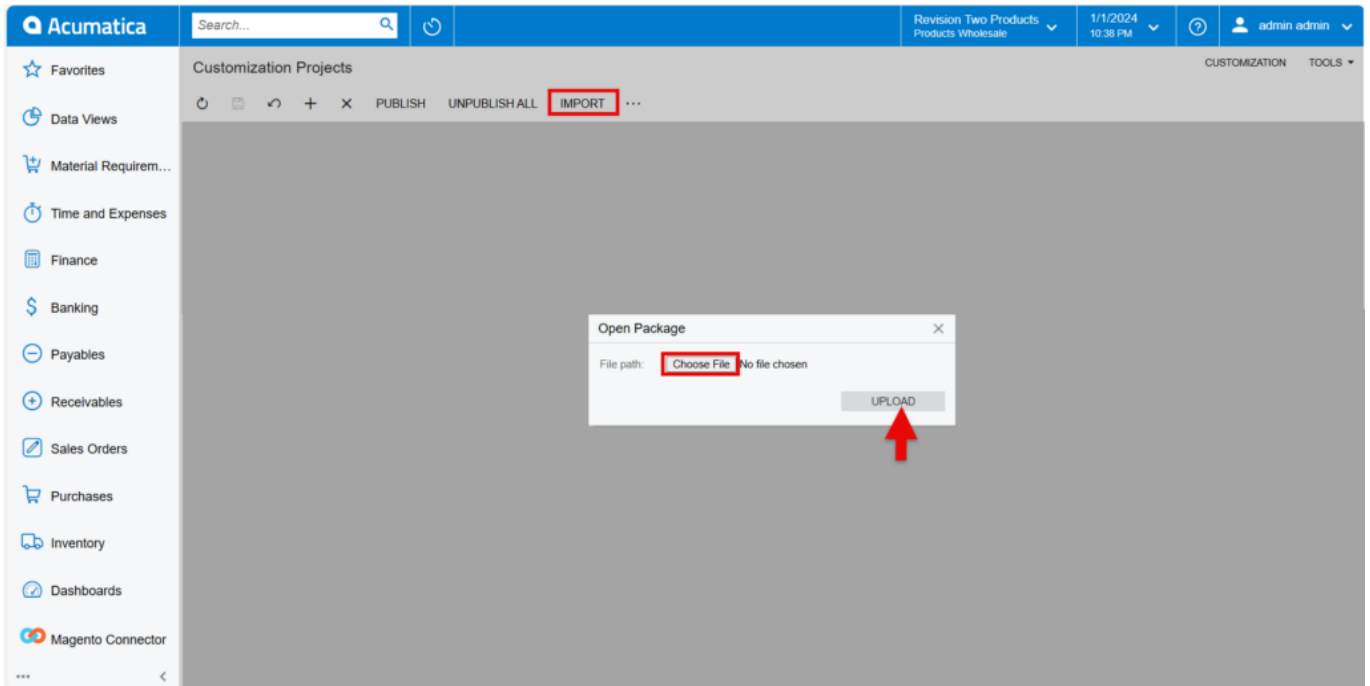

To configure the **[KNCentralizedLicenseConsole]**, you need to follow these steps.

- Save the .zip file of the **[KNCentralizedLicenseConsole]** package to the local hard drive.
- Click on the left panel in Acumatica and select **[More Items]**.
- Click on **[Customization]**, and you will be redirected to the Customization Projects screen.

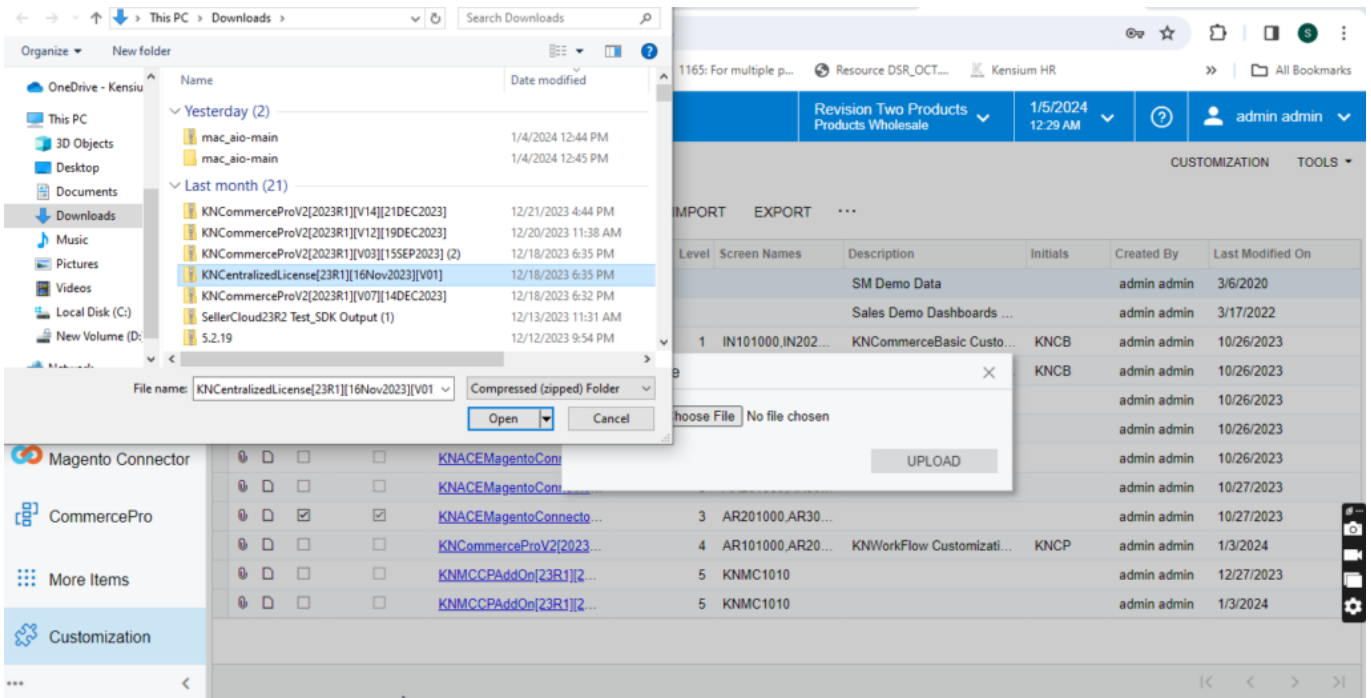

Customization Projects

- Click on **[Import]**, and a pop-up will appear on the screen.

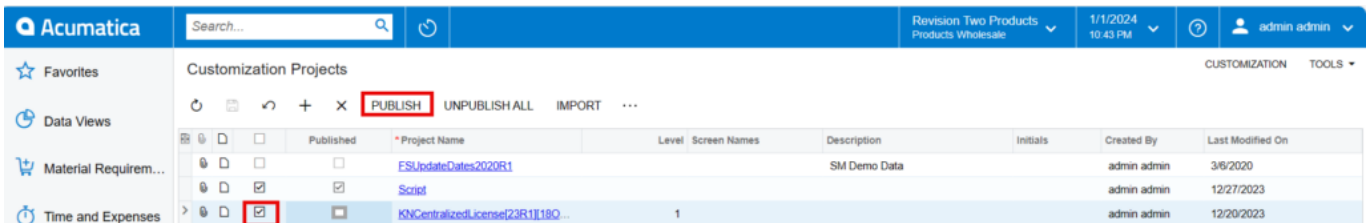

Customization Projects

- Select the [**KNCentralizedLicenseConsole**] zip file from the local system and click on [**Upload**].

Upload the Zip File

- The file name will appear in the **[Project Name]** column.
- Select the checkbox/row of the project **[KNCentralizedLicense]**.

Click on Publish

- Click on **[Publish]**.

Package Published

- Click on **[Save]** to publish the **[KNCentralizedLicense]** package to the Acumatica instance.
- Once the packages are published **[Kensium license]** will be available.

The screenshot shows the Acumatica interface. On the left sidebar, the 'Kensium License' menu item is highlighted with a red arrow. The main content area displays the 'Kensium License' configuration page, which includes sections for 'Inquiries' (with a link to 'Kensium License Logs') and 'Preferences' (with links to 'Kensium License Setup' and 'Kensium License').
