

Enable Custom Payment plugin in Enable/Disable Screen

Since Braintree is a custom plugin, it is mandatory to enable the Custom Payment Plugin settings.

- Navigate to More in Acumatica
- Select **[System Management]**.
- Click on **[Licensing]**.
- Select the **[Enable/Disable]** Features.
- Click on Modify Action and Select the Custom Payment Plugin Checkbox in the Integrating Card Processing section.
- Click on **[Enable Action]**.
