

Synchronize the Deletion checkbox at the Processing center screen

Scenario 1: Synced Payment method can be deleted in Braintree by deleting from the Acumatica screen when the '**Synchronize Deletion**' checkbox is enabled.

Scenario 2: On disabling the '**Synchronize Deletion**' checkbox, Synced Payment method will not be deleted in Braintree by deleting from the Acumatica screen.

The screenshot shows the 'Processing Centers' screen for 'BRAINTREE'. The 'Synchronize Deletion' checkbox is checked and highlighted in yellow. Below the form, the 'PAYMENT METHODS' tab is active, showing a table of payment methods.
