

Kensium License Setup

- Click on **[Kensium License module]** to the left side of Acumatica and then click on **[Kensium License Setup]** under **[Preferences]**.

Kensium License Setup

- Add a **[Notification Mail Account]** to which License expiry notification must be sent.
- **[Renewal Remainder]:** Select how many days you want the notification email to be sent.
- Select **[Records to Log]** from drop-down.

The screenshot shows the 'Kensium License Setup' page in the Acumatica application. The left sidebar contains various modules like Time and Expenses, Finance, Banking, Payables, Receivables, Sales Orders, Purchases, Inventory, Dashboards, and Magento Connector. The 'Kensium License' module is selected. The main content area is divided into two sections: 'NOTIFICATION EMAIL SETTINGS' and 'LOG PREFERENCES'. In the 'NOTIFICATION EMAIL SETTINGS' section, the 'Notification Email ID' field is highlighted with a red box. In the 'LOG PREFERENCES' section, the 'Activate Clear Log Process' checkbox is checked and highlighted with a red box, and the 'Records to Delete' dropdown menu is also highlighted with a red box.

Kensium License Setup

- Enable the check box for **[Activate Clear Log Process]**, Then only the following data will appear on the screen
- You need to enter the details in the following fields.

Frequency (Days)	The rate at which something occurs over a particular period.
Next Execution Time	Specify the time you want to keep the logs in the Admin Log Section.
No. of days to retain logs	Enter the number of days for which you want to keep the logs. If you want to keep the logs for one month enter 30 and so on.
Record to delete	After deleting the logs, the application will archive the deleted logs in the database. So that in case the user wants to retrieve those our back-end team will pull the records back.
