Kensium License Setup

- Enable the check box for **[Activate Clear Log Process]**, Then only the following data will appear on the screen
- You need to enter the details in the following fields.

Frequency (Days)	The rate at which something occurs over a particular period.
Next Execution Time	Specify the time you want to keep the logs in the Admin Log Section.
No. of days to retain logs	Enter the number of days for which you want to keep the logs. If you want to keep the logs for one month enter 30 and so on.
Record to delete	After deleting the logs, the application will archive the deleted logs in the database. So that in case the user wants to retrieve those our back-end team will pull the records back.
