

# **Auto Assign Sales Categories**

The Category and Rule ID will automatically run the process for categorizing, once the defined conditions have been satisfied for existing or new products that previously had categories and rule ID's assigned, the newly created Category Rule will be assigned and remove the existing category.

- To access [Auto Assign Sales Categories], you must enable the check box for [Auto Assign Sales Categories], under CommercePro Features.
- Click on [Save].

The Impacted areas for Auto Assign Sales Categories are below.

- Category Rules
- Update Item Category based on rules
- Stock Items
- Non-Stock Items
- Item Class Category
