

Preventing shipment Confirmation

- ✘ Preventing Shipment confirmation at Sales Orders screen.
- Now you need to enable the radio button **[Prevent Shipment Confirmation]** for some sales orders in **[Customer classes]** and **[Credit Terms]**.
- Click on **[CREATE SHIPMENT]**.

Alert Message

- Click on **[Confirm Shipment]**.
- You can view an alert message on the top corner, this will not allow you for shipment at Confirmation level.

The screenshot displays the Acumatica interface for a shipment confirmation. The main window shows shipment details for '005313 - Jessica'. A red-bordered alert box in the top right corner contains the message: 'The Shipment cannot be confirmed. The credit limit on order SO011756 has been exceeded.' A red arrow points to this message. The interface includes a sidebar with navigation options like 'Sales Orders', 'Purchases', and 'Inventory'. The top navigation bar shows the user 'admin admin' and the date '11/22/2023'. The bottom status bar indicates 'Your product is in trial mode. Only two concurrent users are allowed.'
