

Preventing shipment Confirmation

- ✘ Preventing Shipment confirmation at Sales Orders screen.
- Now you need to enable the radio button **[Prevent Shipment Confirmation]** for some sales orders in **[Customer classes]** and **[Credit Terms]**.
- Click on **[CREATE SHIPMENT]**.

Alert Message

- Click on **[Confirm Shipment]**.
- You can view an alert message on the top corner, this will not allow you for shipment at Confirmation level.

The screenshot displays the Acumatica CommercePro interface. The top navigation bar includes the Acumatica logo, a search bar, and user information for 'admin admin' on '11/22/2023 2:38 AM'. The main content area shows a shipment record for '005313 - Jessica'. A red alert message box is overlaid on the top right, stating: 'The Shipment cannot be confirmed. The credit limit on order SO011756 has been exceeded.' A red arrow points to the 'X' close button of the alert. The shipment details include: Shipment Nbr: 005313, Customer: C00000331 - Jessica, Location: MAIN - Primary Location, Warehouse ID: WHOLESALE - Wholesale Warehouse, and Shipment Date: 11/22/2023. Below the details is a table with columns for Order Type, Order Nbr, Inventory ID, Free Item, Warehouse, Location, UOM, Shipped Qty, Ordered Qty, Open Qty, Picked Qty, Packed Qty, Lot/Serial Nbr, Expiration Date, Reason Code, and Description. A single row is visible with Order Type 'SO', Order Nbr 'SO011756', and Description 'Acer Laptop'.
