

Unique External Reference Number

- ✖
- 1. You must provide a unique reference number for two separate sales orders. when you enable this unique external reference number.**
 - 2. You will receive a validation here if we provide the same customer [External Refer].**

Order 1

1. By using the same External Refer, create a  2nd order, you will get an error in the sales orders.

The screenshot shows the Acumatica CommercePro interface for a sales order. The order number is SO - Alta Ace 100. The customer is AACUSTOMER - Alta Ace 100. The order total is 4,750.00. A red error message is displayed: "External Reference Number already exists." The error message is pointing to the External R. field, which contains the value 1111. The interface also shows a table with one line item: PRODWHOLE, AACOMPLT01, WHOLESALE, Acer Laptop Computers1, PACK, 1.00, 0.00, 1.00, 4,750.00, 4,750.00, 0.000000, 0.00.

Order 2

Note: You may assign the same External Refer for two different sales orders numbers when you disable the check box on the CommercePro management page.
