

Managing Kit Specifications

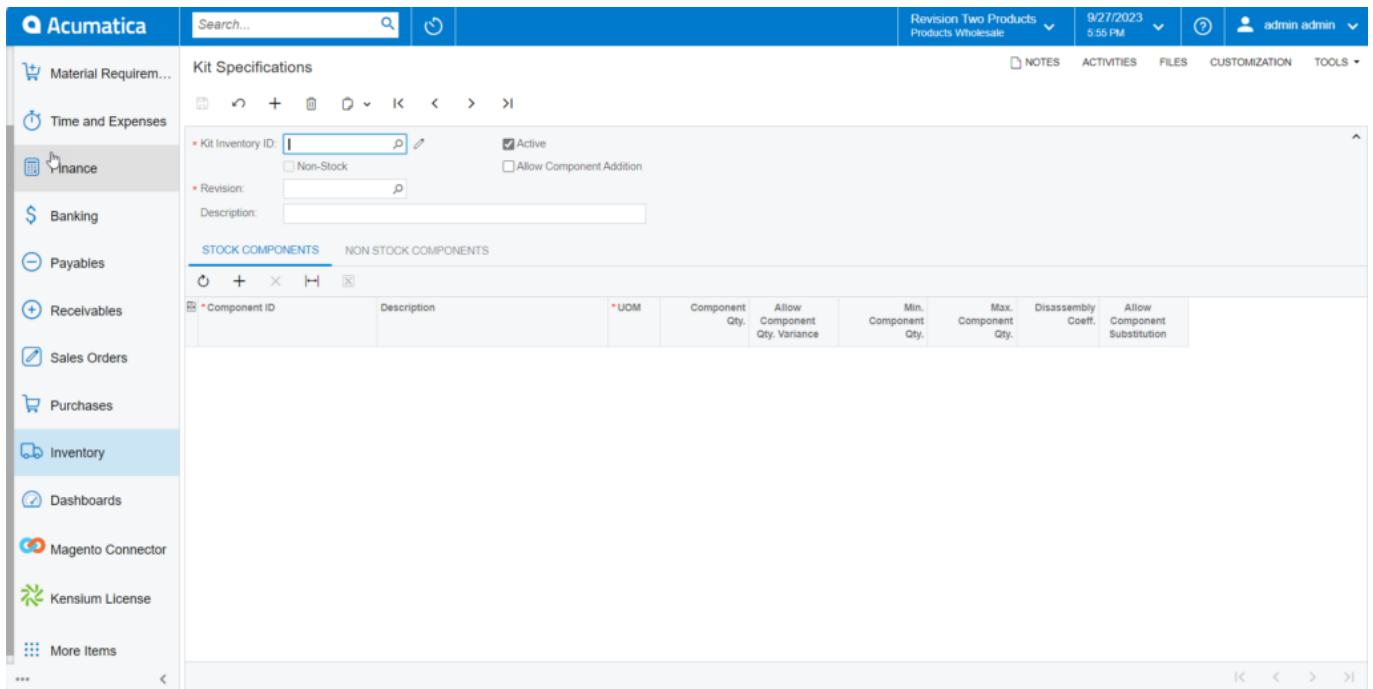

After you have created the Non-Stock, you need to navigate to Kit Specification. To manage the Kit Specifications, follow these steps.

1. Go to the **[Inventory]** section on the left panel.
2. Click on **[Inventory]**.
3. Under Profiles you will get an option **[Kit Specification]**.

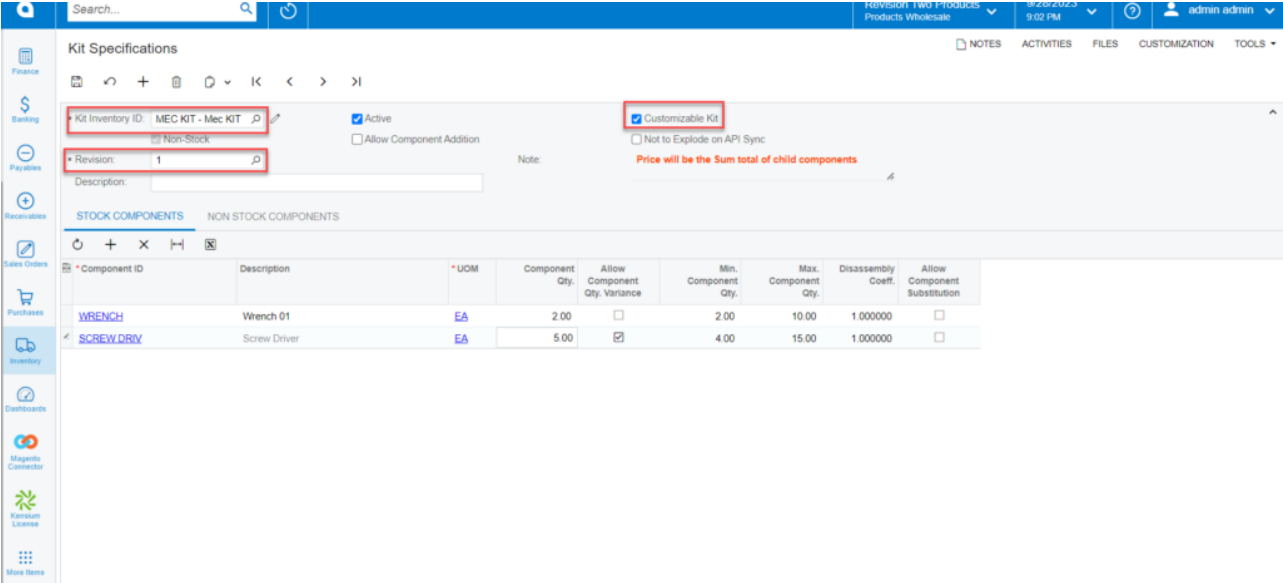

Kit Specifications under the Profile option

By clicking on the [Kit Specifications], you will be redirected to the following screen.

Kit Specifications Screen

- **Kit Inventory ID:** You need to enter the Inventory ID which is created in the Non-Stock item. The **[Non-stock]** check box below the Inventory ID will be enabled.
- **Revision:** Enter the revision number.

Kit Specifications

Kit Inventory ID: MEC KIT - Mec KIT Active Customizable Kit
