Version 0.15.5

This hotfix is for Order Pad only.

Bug Fixes

6328 Quantity check bugs in Order Pad

- Quantity changes in the checkout page are ignored if the user backs out and adds quantity fr
  the product page.
- Respect the *Allow orders to cause negative inventory quantity* setting on the server.

6395 Support additional barcode types

- Specifically, type-39 barcodes are not identified during scanning.
