

## View Items

 On the screen, the user can see all the items which are already added to the selected container,

A screenshot of a mobile application interface showing a list of items in a container. The title bar at the top reads "001 - New Container 1" with a back arrow on the left. Below the title bar is a table with four columns: "Item/Bin", "Ser/Lot", "Old", and "New". The table contains two entries. The first entry is for "421 - Shiner Bock 6PK" with a "UNIT" quantity, and the second entry is for "420 - Revolver Blood & Honey 6PK" with a "UNIT" quantity. Both entries have a "JOSE123" serial/lot number and a quantity of "3.00" and "4.00" respectively under the "New" column. The "Old" column contains a hyphen "-" for both entries.

Item/Bin	Ser/Lot	Old	New
421 - Shiner Bock 6PK			UNIT
JOSE123		-	3.00
420 - Revolver Blood & Honey 6PK			UNIT
JOSE123		-	4.00
