

Adding Multiple Products

 In OrderPad, you can only place an order from a single location. From a single location, you can add multiple products to the cart.

- Navigate to the **[Products]** option from **[Menu]** of OrderPad and choose the product you wish to add to the cart.

Select Products to Add to the Cart

- When a new product is added from a different store, the existing items in the cart will be cleared and only the item(s) from the current store will be visible in the cart.
