CHECKOUT Product Added to cart

Toast message confirmation for Product Added to Cart

- OrderPad will display the confirmation pop-up for each additional product added to the cart even from the same location as the previous item as long as it is different from the primary location displayed in the Menu panel.

Primary and product stores

Note: If you need to place an order for multiple products, all the products should be in the same location. For items available in different locations, orders need to be placed separately.
