

## Check the Availability and Switch Store

OrderPad enables you to verify the product's availability in other stores. Therefore, if a customer needs an item not in stock or an amount exceeding the stock quantity of the store, you can click on the [Check Availability] and check available stocks of the other stores/ locations. You can change the store/ location from the product page. To switch store

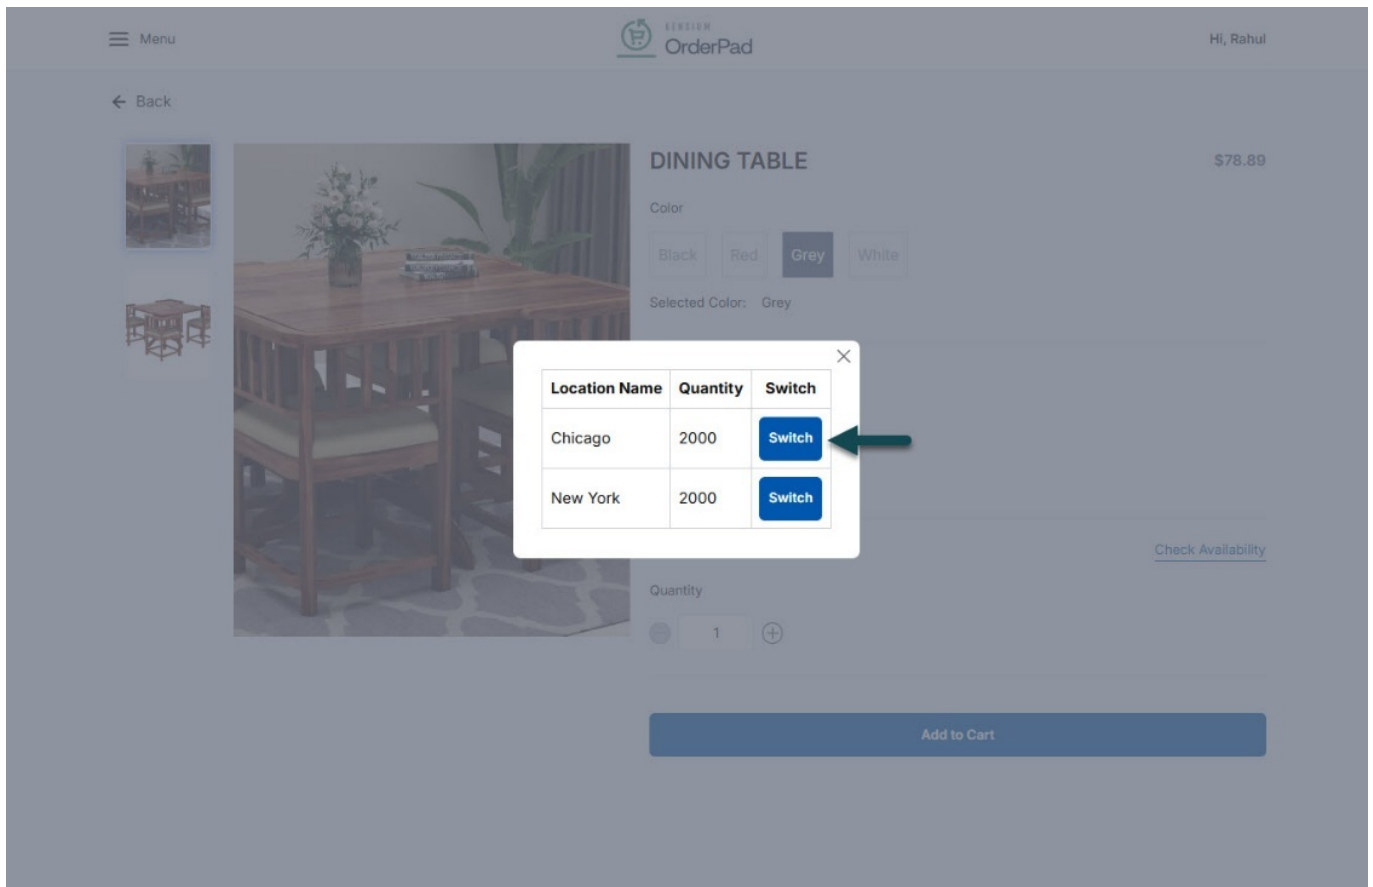

- Click on **[Check Availability]** and a pop-up will appear with other stores and available quantities.

The screenshot shows the OrderPad interface for a dining table product. At the top, there is a 'Menu' icon, the 'Kensium OrderPad' logo, and the user's name 'Hi, Rahul'. The product page features a 'Back' button, a gallery of images, and a main image of a wooden dining table with chairs. The product name is 'DINING TABLE' with a price of '\$78.89'. Below the name, there are color selection options: 'Black', 'Red', 'Grey', and 'White', with 'White' selected. Underneath, there are chair selection options: '5-Seater' and '4-Seater', with '5-Seater' selected. The 'Las Vegas' store is indicated as 'Out of Stock'. A 'Check Availability' button is highlighted with a red box. At the bottom, there is a quantity selector set to '1' and an 'Add to Cart' button.
