

Dynamic Menu Name Change

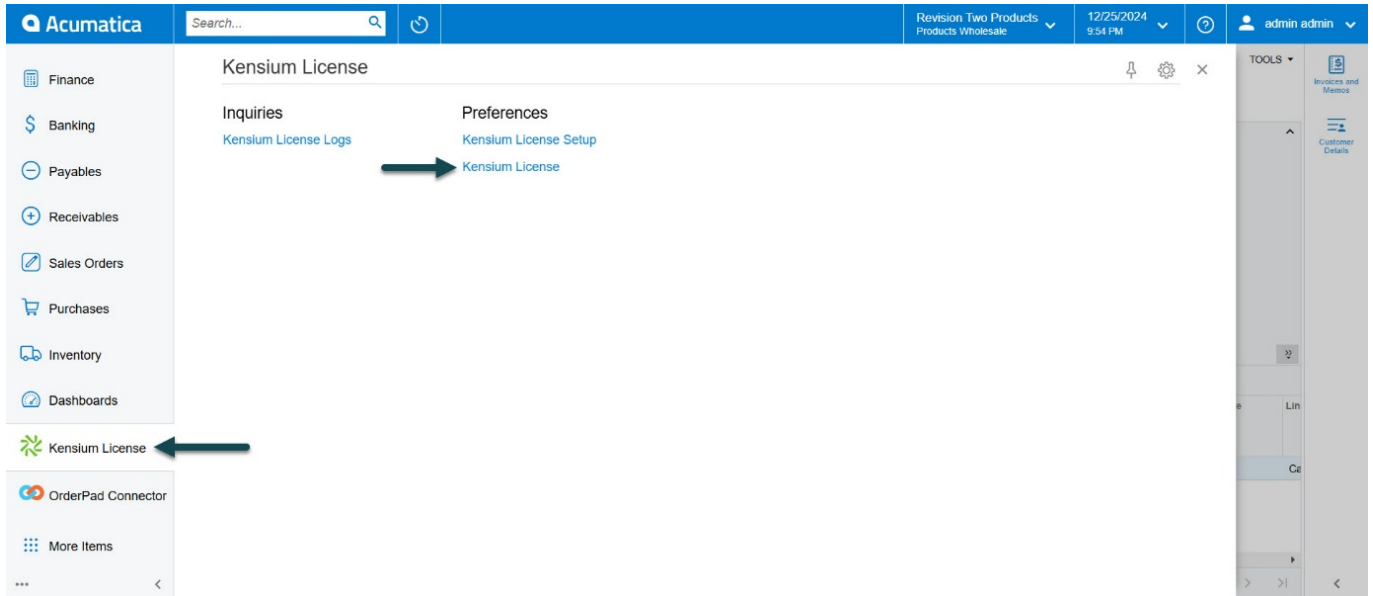

We have made a dynamic menu name change in Acumatica. On the left panel, you will find the option [OrderPad Connector]. On the screen, you will find the references to the Magento Connector,

The screenshot shows the Acumatica interface with the 'OrderPad Connector' menu selected. The left sidebar lists various modules including Time and Expenses, Finance, Banking, Payables, Receivables, Sales Orders, Purchases, Inventory, Dashboards, Kensium License, and OrderPad Connector. The main content area displays a grid of options categorized into Configuration, Real-Time Processes, Batch Processes, and Other. The 'Kensium License' module is highlighted in the left sidebar.

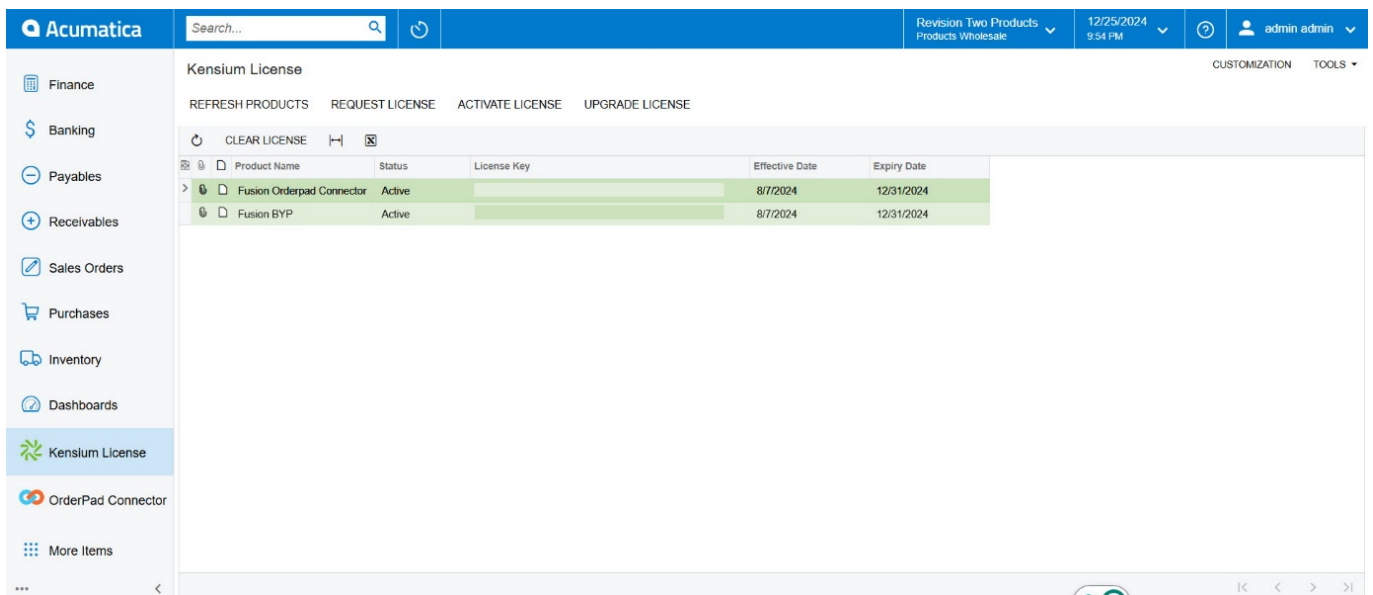

OrderPad Connector menu

For OrderPad Connector we have different licenses. Navigate to Kensium License on the left panel, you will be redirected to the following screen.

Kensium License Screen

Click on Kensium License, the following screen will appear.

Kensium OrderPad Connector

So, for OrderPad connector, we have different licenses and for Magento Connector we have different licenses.
