

# Configuring Emails

Upon clicking on **[Email]**, you will get the following screen with the options Email Sender and Email Template for the Saved Cart.

The screenshot shows the 'Configuration' page in the OrderPad interface. The left sidebar contains navigation links: DASHBOARD, FUSION POS, SALES, CATALOG, ORDERPAD A-M CONNECTOR, CUSTOMERS, MARKETING, REPORTS, STORES (highlighted), and SYSTEM. The main content area is titled 'Configuration' and shows the 'Saved Cart' configuration. The 'Scope' is set to 'Default Config'. A 'Save Config' button is in the top right. The configuration is divided into sections: GENERAL, ACUMATICA CONFIGURATION, POS, and SALES. The 'Email' section is expanded, showing 'Email Sender' set to 'Sales Representative' and 'Email Template' set to 'Saved Cart (Default)'. Both have 'Use system value' checkboxes checked. A note below the template dropdown states: 'Email template chosen based on theme fallback when "Default" option is selected.' At the bottom, there are links for 'Privacy Policy' and 'Report an Issue'.
