

Inventory Management Setup

By establishing inventory mappings, you ensure that the inventory data in Acumatica and Rithum Connector remains consistent and up to date. This helps prevent discrepancies, overselling, or underselling of products across different sales channels.

Create Inventory in Acumatica

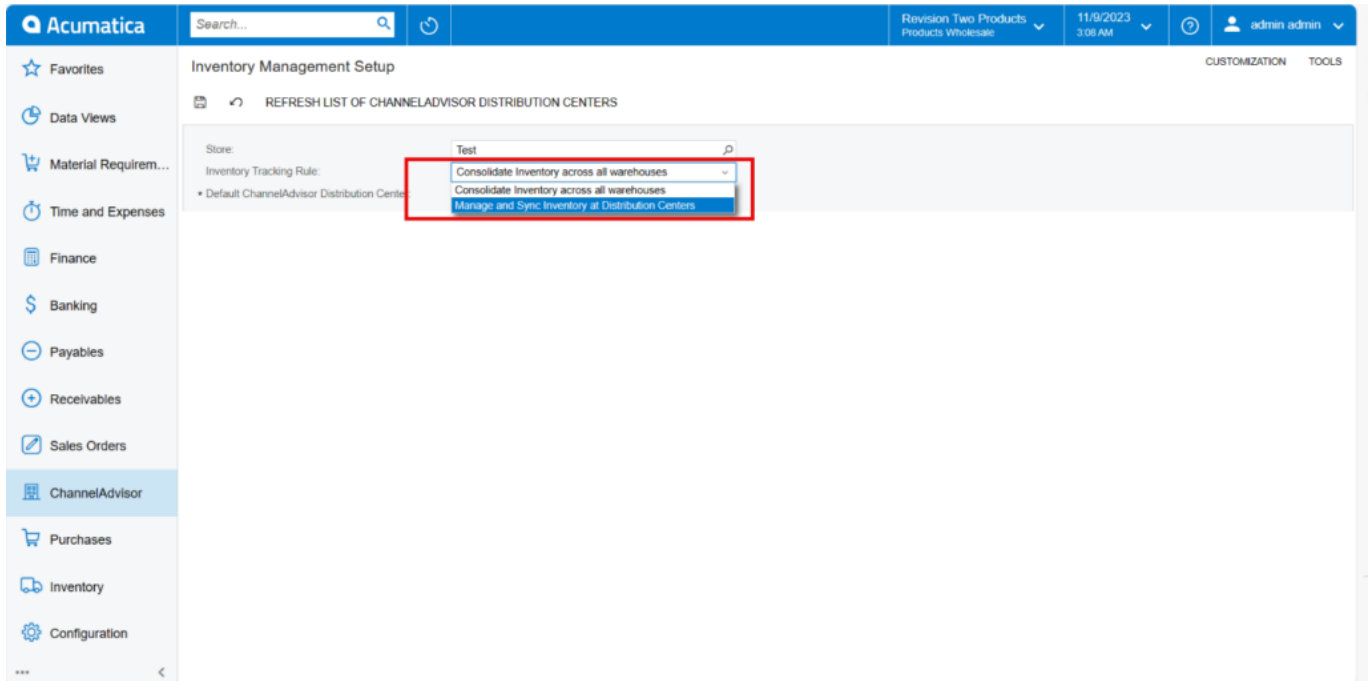

You need to Navigate to the left panel of Acumatica and click on **[Rithum Connector]** and then click on **[Inventory Management Setup]** under **[Preferences]**.

Inventory Management Setup

Upon Clicking you be redirected to Inventory Management Setup screen.

- You need to select the store from the **[Store]** selector.
- You must choose the **[Inventory Tracking Rule]** from the drop- down:
 - Consolidate Inventory across all warehouses.
 - Manage and sync inventory at distribution centers.

Rithum Connector Distribution Center

Creating Distribution Center in Rithum Connector

You need to Navigate to the Rithum Connector and click on **[Distribution Centers]** under the **[Products]**.

The screenshot displays the Kensium Rithum Connector dashboard. The 'Products' menu is highlighted in the top navigation bar. A dropdown menu is open, showing various options. The 'Distribution Centers' option is highlighted with a red box. The dashboard also features a 'GMV Trend by Channel' chart, a 'GMV Summary by Channel' table, and a 'ChannelAdvisor Blogs' section.

GMV Trend by Channel

Chart showing GMV trend by channel for Kensium2. The x-axis represents dates from Oct 10 to Nov 7. The y-axis represents GMV in USD, ranging from \$0 to \$60. The chart shows two data series: 'All (\$96.85)' and 'Checkout Direct (\$96.85)'. The 'All' series shows a peak around Oct 10 and Oct 18, while the 'Checkout Direct' series shows a peak around Oct 10 and Oct 18.

GMV Summary by Channel

Table showing GMV summary by channel for Kensium2. The table includes columns for Channel, GMV, and Currency. The currency is set to USD.

Distribution Centers

- Click on **[New DC]**.

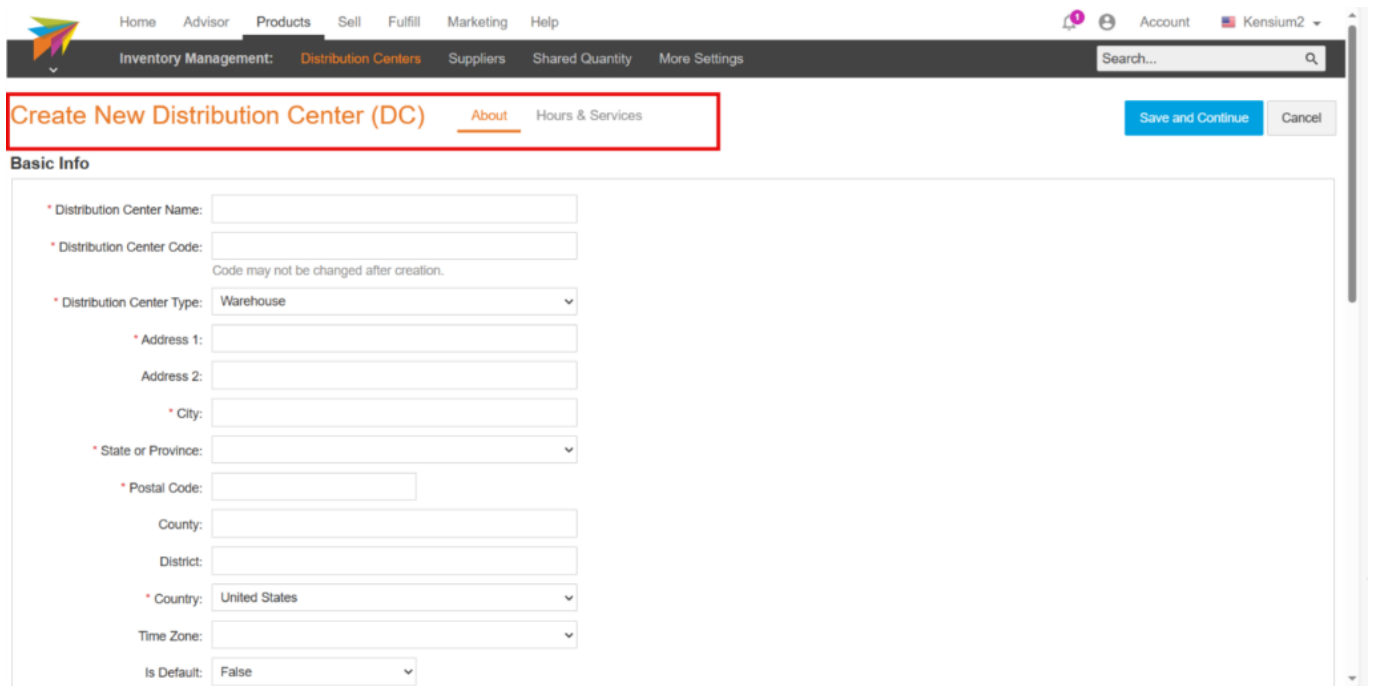

The screenshot shows the 'Distribution Centers (DC)' page in the Kensium Rithum Connector. The page has a top navigation bar with links to Home, Advisor, Products, Sell, Fulfill, Marketing, and Help. Below this is a sub-navigation bar with links to Inventory Management, Distribution Centers (active), Suppliers, Shared Quantity, and More Settings. A search bar is located on the right. The main content area is titled 'Distribution Centers (DC)' and has tabs for Setup and Priority. Below the title are filters for Custom Columns (OFF), Edit, and Reset. There is also a 'Filter by Product' dropdown and buttons for Export, Bulk Import/Update, and a red box around a '+ New DC' button. The table below has columns for Name, Code, DC Type, Status, Actions, Contact Name, and City. The table lists several distribution centers, including KENSIMUM, KensiumDCTest, Kensium Solutions LLC - Chicago, and Kensium 22R2. The 'Add Distribution Center' and 'Add Externally-Managed DC (FBA)' options are highlighted with a red box.

Name ↓	Code	DC Type	Status	Actions	Contact Name	City
Starts With kensium	Starts With Search...	All			Starts With Search...	Starts With Search...
KENSIMUM	KEN	Warehouse		Delete		Crescent City, California, United States
KensiumDCTest	KDC	Warehouse		Delete		Chicago, Illinois, United States
Kensium Solutions LLC - Chicago	Chicago	Warehouse		Delete	Rahu Gedupudi	Chicago, Illinois, United States
Kensium 22R2	Kensium 22R2	Retail Store		Delete		chicago, California, United States

New DC

- If you want to create a merchant-run distribution center, select **[Add Distribution Center]**.
