process multiple quantities of the same SKU.

For e-commerce channels such as marketplaces or webstore platforms, join the [ChannelAdvisor Partner Program](#) to gain access to integration points specially developed for channels, which will provide significant benefits to customers.

Getting Started

- Read about a [typical ChannelAdvisor integration](#).
- [Request a Developer Account](#).
- Create an application using the **Developer Console**.
- Gain access to a ChannelAdvisor account. Also refer to [Authorization types and Request Authorization methods](#).
- Learn about ChannelAdvisor REST API core concepts.
- Learn how to work with [products](#) and access the account's products, including attributes, distribution centers, and available quantity.
- Learn how to work with [orders](#) and control all aspects of post-sale operations, by retrieving, creating, updating, shipping, canceling, and refunding orders.

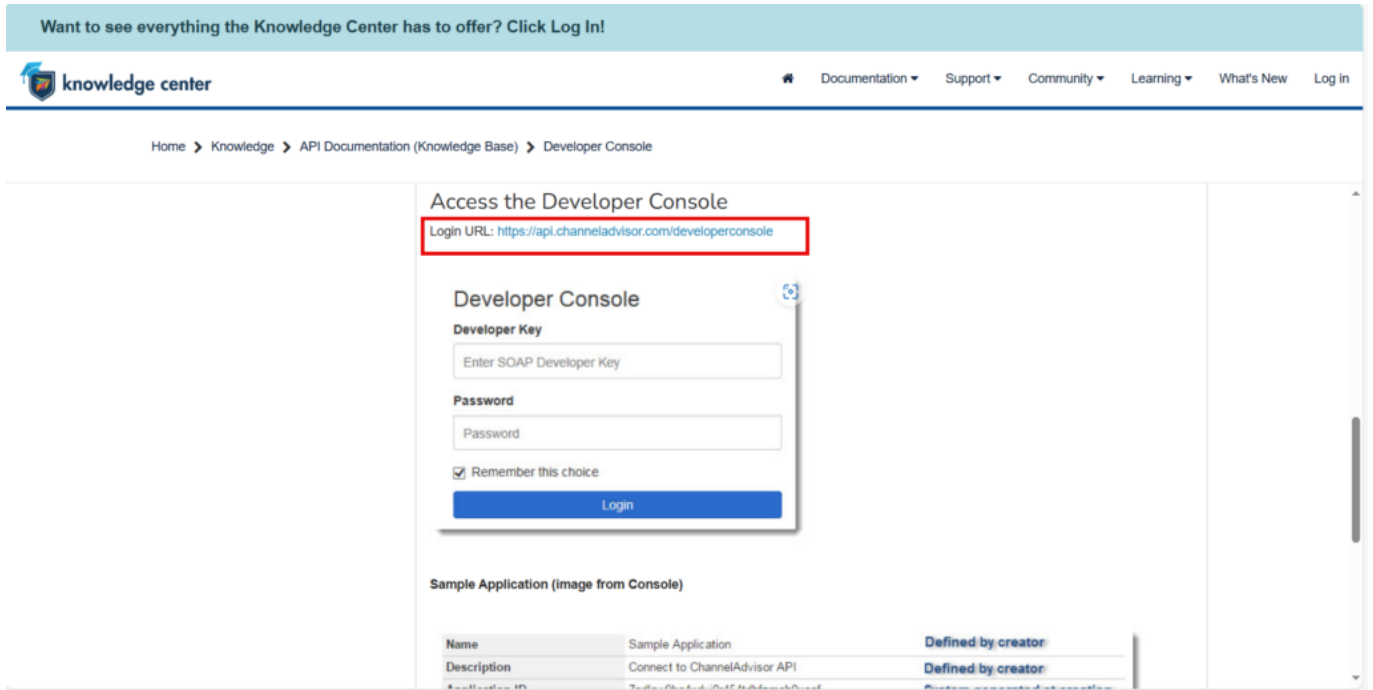

Getting Help

- Review the documentation contained on this site. Can't find what you need? Try the search feature at the top of the page!
- Check out the [REST API FAQs](#) or [SOAP API FAQs](#).
- Visit the [API Discussion Forums](#).
- Contact ChannelAdvisor Support by [creating a case](#) (platform login required).

Helpful?

Developer Console

- Click on **[Developer Console]**, you will be redirected to a new page.
- Click on **[Login URL]** to Access the developer console.

Login URL

- Upon clicking the link, you will be redirected to Developer Console Screen where you need to provide the below fields.
 - Developer Key (which is generated in the Developer Key)
 - Password
- Click on **[Login]**.
