

Kensium License Logs

- ✖
- Upon setting up Kensium License, navigate to **[Kensium License Logs]**.
- Kensium License Logs relate to the system's logging and maintenance features. This is used to process the log within the allotted time and prevent performance problems with the custom table storage.

Kensium License Logs

- Select **[Action Type]** from the drop-down menu.

Kensium License Logs

Establishing Connection within Acumatica

Once the package is published and license is applied, then the connector must be established within Acumatica.
