

Tax Import Preferences

 Tax import preferences involve settings and configurations related to importing tax-related data. These preferences help define how tax information is brought into the system, ensuring accurate calculations and compliance with tax regulations.

- For tagging the **[Tax Import Preferences]**, You have the following options.
 - Do Not Import Tax
 - Import Tax as per Acumatica settings.
 - Import Tax- Sales Tax
 - Import Tax-Non-Stock Item

Do Not Import Tax

Upon selecting the **[Do Not Import Tax]** the tax amount calculated in the SellerCloud Connector will not be reflected in Acumatica.
